**Description:**

Restaurant, Hotel and Institutional Management is the major that prepares the hospitality professionals of tomorrow. From learning about traditional services like hotel operations, event planning and food service to diving deep into business administration and asset management, professionals in RHIM are competitive and ready to be successful from the moment they start their journey at Texas Tech-CR.

Texas Tech University is a leading research university providing a world-class education. At our Costa Rica campus, Texas Tech proudly offers six bachelor's programs, each in a high-demand field, delivered 100% in English, and with a unique campus experience. Students here, called "Red Raiders," embrace the traditions of Texas Tech, a tier-one research U.S. university that is nearly one hundred years old.
