

VERITAS

**PROGRAM: TROPICAL ENVIRONMENTAL SCIENCES
CERTIFICATE**

Program Focus
Recommended Major:
Environmental Sciences

Duration:
12 weeks long

Level of study:
Certificate

Description:

The student has the option of choosing four courses in one of the specific areas of the certificates. Certificates complete about 12 to 16 US credits depending on the modality of completion. Certificate programs can be done in a fully online (virtual modality) or in a blended learning system in which the student can travel to Costa Rica to complete laboratory and fieldwork for extra credits.
