

## PROGRAM: URBAN AND RURAL LANDSCAPE PHOTOGRAPHY

Program Focus  
**Recommended Major:**  
Photography

Duration:  
**4-6 weeks**

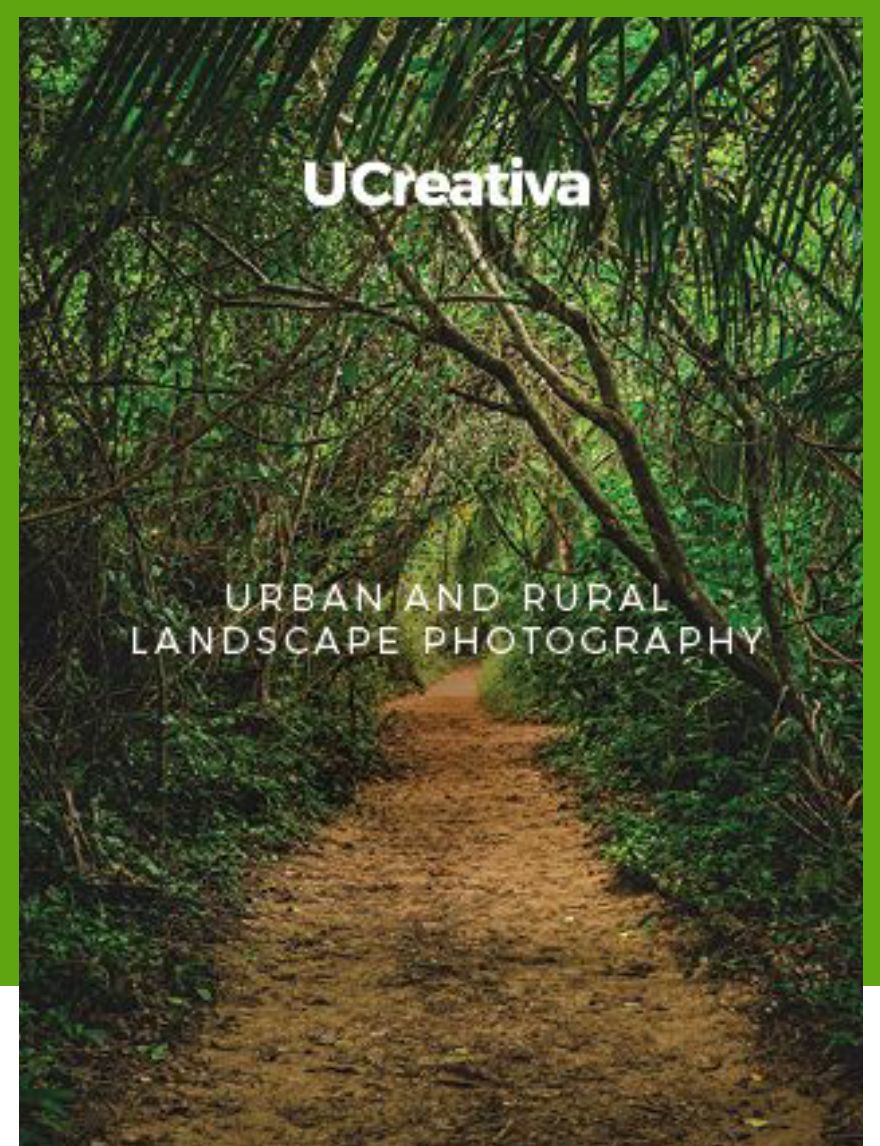

Level of study:  
**Course**

### Description:

This course intends to document different natural and urban Costa Rican spaces through technique and conceptualization. The structure of the course is 80% practice and 20% theory.

Basic knowledge of photography and a sense of adventure are required. Each tour defines a specific place and covers an especially selected topic: panoramic photography, HDR, time-lapse and many others.
